SMART START FOR BETTER YIELDS

Closed System Handling Safety
SmartBox® closed-application system:
• Eliminates opening and pouring bags
• Eliminates handling and disposing of bags
• Reduces risk of contact and inhalation

More than closed-application handling:
• Handling, monitoring and precision application system

Application Accuracy
The SmartBox meter contains both metering and flow-sensing functions to ensure accurate application. Unlike a conventional system, SmartBox varies metering of granules as ground speed changes to maintain desired rate. A simple and quick calibration ensures you get accurate and precise application rates for maximum protection from rootworms and seed-attacking pests.

Primed for Precision Farming
In-cab controller for smart and easy precision application, monitoring and record keeping.

• Large format color display
• User-friendly, intuitive menu and improved reporting software
• USB port for easy data transfer
• 12V or 24V compatibility
• Row control sets rates by individual row or row groups
Versatility That Fits Any Planter

From Case IH® to John Deere® to Great Plains® to Kinze® to White™, the SmartBox system has brackets available that will allow mounting on virtually any planter. Contact AMVAC® at 1-888-SMARTBOX, or email SmartBox@AMVAC.com to discuss the right set-up for your planter. Accuracy, safety and versatility—make the smart move to the SmartBox closed handling and application system.

![SmartBox system](image)

Red, white, blue, green and all colors in between: the SmartBox system fits your planter.

SMART and Smarter:
- Real time video SmartBox technical support/service
- Lift/riser kits available – improves product flow from meter on certain planter applications
- Meters calibrated for higher concentration insecticides
- Get additional savings when paired with AMVAC herbicides. Go to AMVAC-offers.com for more details.
- High performance at high speed with new generation planters
- GPS speed input sensor with calibration instructions
- Button lift switch
- No annual activation code required
- 2020 SmartBox purchase incentive

Take advantage of SMART options with a SmartBox system.
