

Peas

iNvigate® | B Sure®

PRODUCT APPLICATION AND TIMING FOR PEAS

B Sure®

- Supports plant productivity in a variety of environmental conditions
- Contains carbon, nitrogen, true protein, amino acids and essential metabolic micronutrients

iNvigate®

- Highly productive microbial community when applied to the soil, assisting in nutrient uptake and improving fertilizer efficiency
- Promotes availability and absorption of nitrogen, phosphorus and potassium. Along with promoting a healthy soil microbial community, also promotes better fertilizer utilization and increased yield

B Sure®

Type Of Application	pt/A	Timing
Foliar	1 - 4	From R1 through R5 ¹

¹With herbicides, insecticides, fungicides and foliar nutrition.

iNvigate®

Type Of Application	pt/A	Timing
Soil	1 - 2	At planting
