

MORE CONVENIENCE – SAME CONTROL AND FLEXIBILITY WITHOUT HERBICIDE RESTRICTIONS.

35% More:

Active ingredient –
fewer SmartBox[®] containers

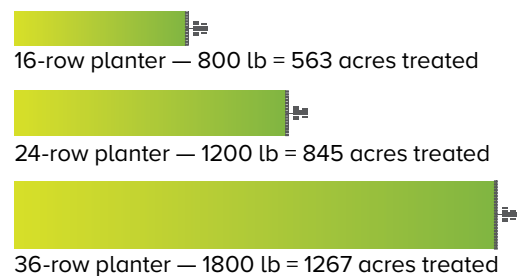

Acres with every SmartBox –
fewer refills

Efficiency –
fewer number of pallets to store

Convenience –
fewer boxes to load, more time to plant

With a reliable pyrethroid mode of action for proven control of corn rootworm, seedling- and seed-attacking pests, the high-load formulation offers convenience like never before. **Force[®] 10G HL Insecticide** fits across a wide range of geographies and provides the performance you expect with the convenience of fewer containers to handle and greater planting efficiency. SmartBox+[™] closed system protects the applicator, and **Force 10G HL** protects corn roots for healthier, stronger stands and better returns from the fields you plant.

Plant More Acres With Fewer Refills With Force 10G HL (High Load) Insecticide Granules

Crops: Field corn, sweet corn, popcorn and seed corn

Force 10G HL lb per Acre at Specified Row Spacing

Product	Formulation	Packaging	Rate per 1000 ft	30 in	22 in	20 in	15 in
Force 10G HL	10G	SmartBox, SmartCartridge [®]	1.3 oz	1.4	1.9	2.1	2.8
