

# MORE CONVENIENCE – SAME CONTROL AND FLEXIBILITY

**More Than 3X the:**

**Active ingredient –**  
fewer SmartBox<sup>®</sup> containers

**Acres with every SmartBox –**  
fewer refills

**Efficiency –**  
fewer number of pallets to store

**Convenience –**  
fewer boxes to load, more time to plant

## Plant More Acres With Fewer Refills With Force 10G HL (High Load) Insecticide Granules

 16-row planter — 800 lb = 563 acres treated

 24-row planter — 1200 lb = 845 acres treated

 36-row planter — 1800 lb = 1267 acres treated

**Crops:** Field corn, sweet corn, popcorn  
and seed corn

With a reliable pyrethroid mode of action for proven control of corn rootworm and seed-attacking pests, the high-load formulation offers convenience like never before. **Force<sup>®</sup> 10G HL Insecticide** fits across a wide range of geographies and provides the performance you expect with the convenience of fewer containers to handle and greater planting efficiency than Force 3G. SmartBox closed system protects the applicator, and **Force 10G HL** protects corn roots for healthier, stronger stands and better returns from the fields you plant.

Force 10G HL lb per acre at specified row spacing

Product	Formulation	Packaging	Rate per 1000 ft	30 in	22 in	20 in	15 in
<b>Force 10G HL</b>	10G	SmartBox	1.3 oz	1.4	1.9	2.1	2.8

### Versatility That Fits Any Planter

From Case IH® to John Deere® to Great Plains® to Kinze® to White™, the SmartBox System has brackets available that will allow mounting on virtually any planter. Contact AMVAC® at 1-888-SmartBox, Option #2, or email SmartBox@AMVAC.com to discuss the right setup for your planter. Accuracy, safety and versatility — make the smart move to the SmartBox closed handling and application system.

### SmartBox Closed-Application System – Combines Handling Safety and Application Accuracy

- High-speed planter ready
- GPS speed input sensor included
- Equipment purchase incentive

Red, white, blue, green and all colors in between:  
The SmartBox System fits your planter

### Maximize Yield Potential and Stand Protection

Every kernel counts, every extra bushel pays. Another SMART Solution from AMVAC.
