VAPORIZE PESTS WITH NUVAN[®] PROSTRIPS[®]

PESTS DON'T HAVE A CHANCE

NUVAN[®] Prostrips[®] and Prostrips[®]+ contain dichlorvos and are available to the professional pest management market for residential, commercial and industrial use. Simply place this effective strip in a labeled application site and the slow-release vapor controls flying and crawling pests including bed bugs, flies, moths, roaches and other listed pests.

UNIQUE DELIVERY AND MODE OF ACTION

Nuvan[®] Prostrips[®] deliver the active ingredient dichlorvos through a unique vapor action providing lasting protection from pests for up to 4 months.

CONVENIENT AND EASY TO APPLY

Each Nuvan[®] Prostrip[®] is supplied with a convenient plastic cage that may be placed or hung in enclosed areas providing continued protection for up to four months after a single application. Nuvan[®] Prostrips[®] are available in small and large strip size. Small strips can be used for volumes of up to 200 cubic feet and large strips for volumes of 900 to 1,200 cubic feet.

COST EFFECTIVE PEST MANAGEMENT

The vapor action of Nuvan[®] Prostrips[®] provides continuous insect protection for up to four months for just pennies a day.

TREAT TOUGH TO REACH AREAS ONCE

The vapor action of Nuvan[®] Prostrips[®] provides lasting protection in sites such as attics, enclosed crawl spaces, sheds, garages, boats, vacation homes, etc. Small strips can also be used in closets, pantries, and RVs.

ODORLESS AND COLORLESS PROTECTION

There are two things your customers won't notice in areas protected by Nuvan[®] Prostrips[®]—pests and pesticide odors. Nuvan[®] Prostrips[®] are effective and yet the vapor action is virtually non-detectable by humans and pests.

EFFECTIVE AGAINST MANY COMMON PESTS

Nuvan[®] Prostrips[®] are effective against the most common crawling or flying pests.

Active Ingredient: Dichlorvos

Nuvan Prostrips are available in convenient packaging. The large strips come in 3 to a package, 6 packages to a box. The small strips come in 12 to a package, 6 packages to a box. Cages are packaged separately.
