## New Convenience – Same Control & Flexibility

**SmartChoice® HC granular soil insecticide** fits your innovative cultural practices. With dual modes of action targeting control of rootworm and seed-attacking pests, the high-concentration formulation offers convenience like never before. SmartChoice HC offers the same outstanding performance in narrow and twin-row applications. It fits across a wide range of soil types and geographies, including coastal regions. You get the convenience of fewer containers to handle and more time to plant. SmartChoice HC protects corn roots for healthier, stronger stands and better returns from the fields you plant.
