

MORE CONVENIENCE – SAME CONTROL AND FLEXIBILITY

3X the active ingredient –
fewer SmartBox® containers

3X the acres with every SmartBox –
fewer refills

3X the efficiency –
fewer number of pallets to store

3X the convenience –
fewer boxes to load and more time to plant

Plant More Acres With Fewer Refills With SmartChoice HC Higher Concentration Granules

 12-row planter — 600 lb = 330 acres treated

 16-row planter — 800 lb = 440 acres treated

 24-row planter — 1200 lb = 660 acres treated

Crops: Field corn, sweet corn, popcorn, corn grown for seed or silage

SmartChoice™ HC Granular Soil Insecticide fits your innovative cultural practices. With dual modes of action targeting control of rootworm and seed-attacking pests, the higher-concentration formulation offers convenience like never before. **SmartChoice HC** offers the same outstanding performance in all corn row spacings – including narrow and twin-row applications. It fits across a wide range of soil types and geographies – including coastal regions – providing the convenience of greater planting efficiency and reduced product handling. **SmartChoice HC** provides root and stand protection for healthier, stronger stands and better returns from the fields you plant.

SmartChoice HC Application Rates at Specified Row Spacing

Product	Formulation	Packaging	Rate per 1000 ft	30 in	22 in	20 in	15 in
SmartChoice HC	15G	SmartBox	1.67 oz	1.8 lb	2.5 lb	2.7 lb	3.6 lb

Versatility That Fits Any Planter

From Case IH® to John Deere® to Great Plains® to Kinze® to White™, the SmartBox System has brackets available that will allow mounting on virtually any planter. Contact AMVAC® at 1-888-SMARTBOX, Option #2, or email SmartBox@AMVAC.com to discuss the right setup for your planter. Accuracy, safety and versatility – make the smart move to the SmartBox closed handling and application system.

Red, white, blue, green and all colors in between:
The SmartBox System fits your planter

SmartBox Closed-Application System – Combines Handling Safety and Application Accuracy

- High-speed planter ready
- GPS speed input sensor included
- Equipment purchase incentive

Maximize Yield Potential and Stand Protection

Crops: Field corn, seed corn, sweet corn, popcorn

Application: In-furrow only – ensuring that granules are completely covered with soil
