

| Active Ingredient: Pentachloronitrobenzene (PCNB) 10.0%

Excellent, Preventive Snow Mold Control

Turfside® 10G is a granular preventative fungicide, labeled for control of certain soil diseases on non-residential turf, including golf course greens, tees, and fairways. Turfside 10G provides excellent control of pink and gray snow molds when applied in the fall immediately before the first snowfall. It is also very convenient to use during winter thaws when spray application equipment is not available for use because it has been winterized.

FEATURING

- ✓ Granular formulation
- ✓ FRAC Group 14 fungicide
- ✓ Mode of action:
Lipid peroxidation and
subsequent disruption
of fungal cell
membranes
